

FIND A LANDSCAPE PROFESSIONAL IN YOUR COMMUNITY

- Objective:** To locate landscape professionals in your geographic region
- Learner Objective:** To utilize the Landscape Industry Careers website or the National Association of Landscape Professionals, NALP, website to locate companies doing business in your geographic area
- Supplies Needed:** Computer with Internet Access
Pen/Pencil
Paper
- Procedure:** Visit the Landscape Industry Careers website and/or the National Association of Landscape Professionals website
www.landscapeindustrycareers.org
www.landscapeprofessionals.org
Locate four landscape companies within 50 miles of your location
Record the company name, address, phone number, website address, and the type of services they provide
Visit the company website of each of the four companies
- Evaluation:** Each student is to write a summary of the four companies researched. Include information such as; company name, address, city, state, web address, type of services the company offers, names of any company employees and their positions, and any job openings found on their website. Include examples of the company's work by adding photos from their website to your summary.
